

BRACELET SIZE GUIDE

To find your bracelet size, please print this guide in A4 size and scaled to 100%. You may check the accuracy of your print by measuring the reference line.

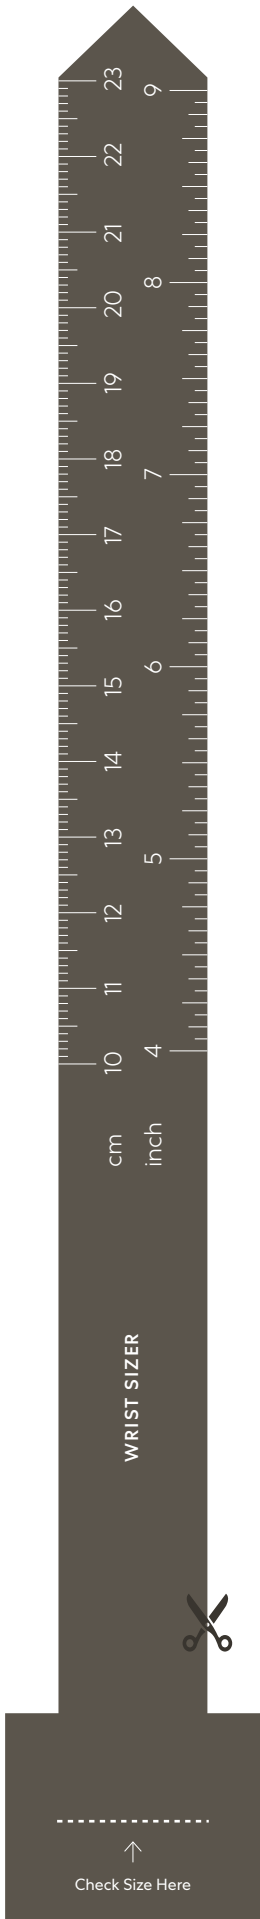

Measure your wrist with paper sizer

1. Carefully cut along the outline of the wrist sizer. Make a small slit on the dotted line on the left end of the sizer.
2. Wrap the sizer around the wrist with the numbers facing out and pull the tapered end through the slit. The sizer must fit flush against your skin, not tight, it should be able to turn comfortably on the wrist.
3. The number that lines up with the slit represents your wrist size. The bracelet size chart below will help determine your Studio Renn bracelet size.
4. If you don't see your size on our menu, please do contact us directly and we will customize it for you.
